

*"I am satisfied.
No more sickness or
sleepless nights since we
have been using the nets.
I am grateful for
all you have been
doing for us."
-Hawa, Nigeria, 2019*

ShelterBox

A GIFT WITH IMPACT

To: _____ From: _____

This gift of health will help displaced families like Hawa's to ward off mosquitos and the threat of malaria.

A gift has been made in your honor that will provide a family with mosquito nets to help make their home a safe and comfortable place to be.

When Boko Haram violently attacked their village in Nigeria, Hawa and her daughter fled to Minawao Refugee Camp in Cameroon. Now that she's reinforced her tent with the mosquito nets supplied by ShelterBox, Hawa and her family can sleep easier at night.
