

*Jeanes proudly shows off the solar light she received from ShelterBox. Now equipped with light, she's able to rebuild and recover more quickly.*  
Vanuatu, 2020

**ShelterBox**

**A GIFT WITH IMPACT**

To: \_\_\_\_\_ From: \_\_\_\_\_

*This gift of light will help parents rebuild, children study, and families regain a sense of security.*

A gift has been made in your honor that will provide light to a family after a disaster when darkness can be a dangerous and persistent challenge for families and loved ones.

For Jeanes, who lost access to electricity when Tropical Cyclone Harold destroyed her home in Vanuatu, it is her sole means of being able to work and keep her family safe after dark.
